

16 April 1966

U. S. Government
Washington, D. C.

Attention: Contracting Officer

Subject: Task Order No. 04(100.710)65R
Basic Agreement [redacted]

25X1

Reference: a) Program Meeting of March 1, 1966
b) [redacted] Ltr. dated 23 March 1966

Enclosure: a) Spatial Frequency Analyzer Program Clarification
Two (2) copies

Gentlemen:

[redacted] submits
herewith Enclosure a) in response to the Government's request Reference a) for clarification of several points pertaining to the Spatial Frequency Analyzer on subject Task Order.

It is recommended that if the Task Order No. 04 Program is to undertaken, that it be initiated at the completion of the EPT program (Task Order No. 03) technical activity at the end of June. This suggestion is made because of the EPT breadboard high resolution electronic processor is to be used on Task Order No. 04 and the Task Order No. 03 end of the program. Task Order No. 04 is in a "Hold" status (Reference b) in accordance with Government instructions.

Very truly yours,

[redacted]
